

SOUTH EAST CENTRE

Some of you are aware that Avril Christensen and myself, Melanie Chalk, have taken on the dual role of organisers of the South East Digital Imaging Group, but others might not even know about this group at all.

So, we would like to welcome you to our group, a local Centre, under the umbrella of the RPS DIG, the aim to hold four meetings in the year, most are on a Sunday and are held in various venues around Kent. The meetings typically invite keynote speakers to inform us on many aspects of photography including processing and printing techniques.

Although fairly new to these roles, we have run some great presentations over the last year which have been very well attended. Coming up in 2019, we have John Fox on the 13th of January in Tonbridge, Joe Cornish Hon FRPS on 7th April and Rachael Talibart and Ann Healey ARPS on 16th June both in Maidstone.

You can read more about these events or book tickets via the RPS website by choosing Events from the menu, then selecting [South East Digital imaging Group](#) and [Groups](#). If you are already an RPS member and, or a DIG member, you will get the best prices for these events and we are also offering an early bird discount for all future events but we also welcome non members too, so do come along.

Our all-day events are, not only interesting, but they are a great place to meet up with other local photographers. People generally rebook once they've been to one of our events as we aim to be a friendly and inclusive group and try to bring high note speakers to our locality.

We really hope you will be able to come to an event, in 2019, and Melanie and I look forward to meeting you.

Kind Regards
Avril Christensen and Melanie Chalk ARPS
SEDIG Organisers
